

10 Fall Closet Essentials

Your Stylist Wants You to Have

1. **Your Perfect Denim** - Depending on your lifestyle, denim can be the most worn item in your wardrobe. From the perfect skinny jeans to tailored trousers, well-fitted, dark wash denim is worth its weight in gold.
2. **Booties** - Booties are back. Make sure there is a bit of ankle or sock peaking out above. Try cuffing your pants or pairing with ankle length pants.
3. **Leather Purse** - A quality leather purse will look better with age not worse. Simple lines and superior construction will always be on trend.
4. **Quality Knitwear** - Stay toasty this fall with a cozy sweater. Remember to read your labels - more natural fibers than synthetic will ensure comfort and durability.
5. **LBD/LND** - The little black dress doesn't have to be black. Navy can go anywhere black can and maybe with just a bit more subtlety and style.
6. **Leather Jacket** - I call my favorite leather jacket my "Southern" winter coat. You can rock leather with a patterned t-shirt or layer it onto a cozy sweater or plaid blouse. Add a bit of edge to your dresses by ditching that boring old cardigan and tossing on a great leather jacket.
7. **Evening Clutch** - A night on the town when you only need your phone, ID and some lip stick is always a good time. Grab a purse that shows off your personality in a small package.
8. **Classic Black Pumps** - The work horse of your shoe collection should be well made, well fitted, and stylish. SbK #1 shoe rule: look for leather.
9. **Well Cut T-shirt** - A great t-shirt that fits perfectly can be an easy go-to in the fall. The "cold-shoulder" cut is a great way to incorporate trends inexpensively.
10. **Favorite Metallic Necklace** - Find your favorite finish in a slim line pendant or layer varying lengths of necklaces to add interest.
